

HOOVER CONFERS WITH AIDES IN CAPITAL MEETING

DEFENSIVE PUT BEHIND IN DEM CAMPAIGN PLAN

With to Launch Offense
During Journey Thru
Western States

CANDIDATE LIKES RESULTS OF EXPOSE

Plans Series of Speeches
During Remaining
Seven Weeks

BY GEORGE R. HOLMES

Herbert N. Y., Sept. 14.—Governor Hoover has about completed the first phase of his campaign for the presidency—the defensive—and is ready to enter the second phase—the offensive.

He is immensely pleased at the reaction to his exposure of the whittaker campaign as evidenced by the commendatory telegrams and messages which continued to pile up on his desk today and he is determined to "swat it again" whenever the opportunity presents itself. Nevertheless, when he leaves Albany on Sunday and faces westward on the first swing about the country, the defensive side of his campaign will be behind him, and he will meet the aggressive candidate with the same aggressive attitude with which he proposed to propose rather than with something to defend.

Necessary
The governor has considered that it was a necessary part of the campaign to expose the whittaker campaign which opens with his departure from Albany the day after tomorrow. After his inaugural address in Omaha, next Tuesday, he expects to be too busy to devote much time replying to critics. Those who have questioned the wisdom of this long campaign of exposure Governor Smith has set at naught. There is an unusual set of conditions in this campaign, and besides he must conduct his campaign in his own way, in the manner that is natural to him. It is his nature to hit back when attacked.

Hoover, the governor feels there is ample time for him to get his message before the country. He has favored lengthy campaigns of making. He subscribes to the belief that a telling speech in the heart of the campaign is worth two speeches in August, when the campaign is still three months away.

campaigns for the governor of New York have been conducted upon that theory—a smash-up, aggressive concentration in the last weeks. The fact that he has been successful in four out of five of those ventures has rather strengthened his opinion.

Schedule Omaha
Governor Smith faces his first test in Omaha next Tuesday when he will have exactly seven weeks from that time to determine his political future. In those seven weeks he will drive hard, east, west and south with a series of speeches that will leave the country in no doubt as to where he stands upon every issue of the campaign—from foreign affairs to the tariff, inland waterways, flood control—and prohibition.

See his return to Albany on September 3, the Democratic executive committee will have mapped out for other trips—into the border states of Missouri, Kentucky and Tennessee, with possibly a visit to North Carolina; he will visit Maryland and probably Philadelphia. Decisions on other points have not yet been made, but he will close his campaign in the east with a tour of the Atlantic seaboard states, and a final smashing close in his home state of New York.

Athletic Manager Is Fired from Faculty

E. Stratton, teacher of basketball and history at Salem High School, was appointed faculty manager of athletics, this year. W. J. Vickers, principal announced. Stratton succeeds R. P. Vickers, who was head of the chemistry and physics department who resigned from the faculty last year.

Stratton is a graduate of Salem and Mount Union college. He has been Oberlin college and Oberlin Friends School. He was principal of the high school for two years following his graduation from Oberlin in 1924. This is his second year at Salem.

Tank Explodes Three Are Burned

Greenville, Ky., Sept. 14.—Two men were suffering from serious burns today and their companion was dead as the result of an explosion of the gasoline tank on the car in which they were riding yesterday. Eastman Nelson, 19, and his brother Vincent, 19, and a third boy, 40, were burned by the explosion of the gasoline tank.

He Boosts Flying

Herbert Hoover Jr., who is associated with the Guggenheim Foundation for Aeronautics, paid a recent visit to Chicago on a survey to collect data regarding the economic phase of aviation. At Republican headquarters he met with Roy West, party leader, and explained his work. He said he would return to California "in time to vote in November."

POLICE SEARCH FOR SUSPECTS

Mystery Surrounds Death
Of Ottawa Woman;
Men Wanted

Ottawa, O., Sept. 14.—Following a verdict of "homicide" rendered by Coroner Peter D. Bixel in the mysterious death of Mrs. Mary Hemler, 20, whose body, with the neck broken, was found Wednesday afternoon in the Blanchard river, near Gilboa, Putnam county, authorities today were seeking two men for questioning in connection with the case.

Coroner Bixel stated that he was of the opinion that the woman had been killed late Monday night or early Tuesday at a point remote from where the body was found and that the slayer or slayers had then brought the body to the stream and set it afloat.

Mrs. Hemler, who was estranged from her husband, Ernest Hemler, lived with her father, William Drumm, at Gilboa. She came to Ottawa last Monday afternoon on a visit and returned to her father's home that night where she set about getting supper.

Electric Washer Is Cause of Death

Newark, O., Sept. 14.—Literally "frightened to death," Miss Emma Davis, 53, was dead today, victim of a domestic tragedy in her home at Hebron, near here, yesterday.

The woman's body, with both hands crushed and her clothing tangled in an electric washer, was found at her home by Frederick Nichols.

After an investigation, Coroner C. F. Legge and Sheriff Carl Foulk stated that when the woman was caught in the machinery she became so frightened that apoplexy was induced, causing her death.

PENNSYLVANIA TO REQUEST RETURN

Pal of Criminal Escapes
During Fight; Also
A Murderer

BULLETIN

Cleveland, Sept. 14.—In one of the quickest indictments on record, the county grand jury here today returned a charge of "murdering a police officer" against Paul Jaworski, notorious slayer, who yesterday killed Patrolman Anthony Wiecek.

The penalty is the same as in first degree murder.

Cleveland, Sept. 14.—One of the most ruthless, cold-blooded killers in criminal history lay in St. Alexis hospital here today, a bullet in his head and five others in his body, calmly confessed to an amazing string of crimes—and flatly refused to give any information concerning the possible whereabouts of his pal, John Vashinder, 23, drug addict and murderer.

Paul Jaworski, formerly of Detroit, and later leader of the notorious "Flathead gang" which was once the terror of western Pennsylvania, freely admitted that he participated in the \$10,000 Detroit News payroll holdup last summer when one policeman was fatally wounded and another shot.

He also led the "Flathead gang" when it dynamited a payroll car and obtained \$104,000 near Pittsburgh, he related.

He boasted to reporters that he had killed 26 men.

Pennsylvania authorities say he is directly linked with the murder of at least four persons in holdups. Yesterday was the first time he ever killed a policeman, Jaworski said, though admitting it had been his ambition to kill six. Many of his victims, he related, were killed during private quarrels.

John Zaworski, who recognized Jaworski when he and Vashinder entered a restaurant yesterday, and telephoned police, knew Jaworski when he sang in the choir of a little Ukrainian church in Butler, Pa. years ago. It was learned today.

Zaworski and Jaworski looked at each other, but neither gave any (Continued on Page 4)

PASSENGERS ON TRAIN ROBBED

Lone Bandit pilfers Crack
Train of Southern
Pacific Route

Los Angeles, Sept. 14.—Sheriff Poses was searching today for a lone bandit who last night herded 50 passengers into a Pullman car of the crack Southern-Pacific "Lark" and under the threat of two steel-blue automatics robbed them of an undetermined amount of cash and personal belongings.

The robber was slight of build and young. He wore a black mask. Working swiftly, he lined up his victims and forced them to deposit their valuables in a sack he passed around. The holdup occurred as the crack train was bound for Los Angeles.

As the train neared the outskirts of Glendale, traveling at the rate of 30 miles an hour, the bandit leaped into the darkness and disappeared. He is believed to have boarded the train at Los Angeles.

Striking similarity of last night's holdup to the robbery of Santa Fe train No. 8 between Los Angeles and Pasadena eight days ago, caused police to believe the same man had staged both raids.

Donahay Designates Constitution Day

Columbus, Sept. 14.—In a proclamation today, Gov. Vic Donahay designated next Monday as "Constitution day" and urged Ohioans to observe the 149th anniversary of the constitution of the United States "in a fitting and proper manner both in the homes and schools as well as in public places."

For the purpose of perpetuating the principles laid down by George Washington in his farewell address, Sept. 17, 1793, Donahay recommended that all citizens "join together on this day to study and understand more fully the purpose and meaning of our constitution as well as honor and revere its authors."

TORNADO TAKES HEAVY TOLL IN WESTERN STATE

Thirteen Known Dead In
Storm; Property Loss
Is Heavy

Omaha, Neb., Sept. 14.—At least 13 persons were killed, more than a score injured and property damage of several hundred thousand dollars was done by a tornado which swept across northeastern Nebraska and a corner of southwestern Nebraska late yesterday, a check-up early today showed. Crippled communication lines delayed complete reports and it is feared the death list will be increased.

The twister struck almost without warning and traveled rapidly in a northerly direction. The storm originated at Pender, about 70 miles north of here. It traveled north almost to Sioux City, Ia., where it lifted to appear again in Yankton county, South Dakota.

Eight are known dead in Nebraska. Two school children were killed near Walthill when a country schoolhouse was demolished. Five bodies have been recovered from wrecked houses in Winnebago, near the Indian reservation, and a school teacher was killed near Homer.

NAMES DISTRICT PARTY LEADERS

Mrs. Ila Cronin Appoints
G. O. P. Chiefs; Salem
Woman Assists

Mrs. Ila Marshall Cronin, of East Liverpool, Republican committee woman in the Eighteenth district, today announced the appointments of chairmen for the five counties making up the congressional zone. They are:

Carroll, Miss Kathryn Westfall, Carrollton; Belmont, Mrs. Samuel B. McClain, Bellaire; Jefferson, Mrs. W. T. Wood, Steubenville; Harrison, Mrs. Lillian Brown, Cadiz. By reason of her position as district committeewoman, Mrs. Cronin will be head of the women's G. O. P. organization in Columbiana county, working with Mrs. Kate Dewees, Salem, vice president of the executive committee.

Mrs. Cronin left Thursday for Columbus, where she is attending a luncheon meeting of women members of the state central committee and county chairmen at which plans for the fall campaign will be discussed. The meeting being held today in the Neil House, is in charge of Mrs. Wilma Sinclair Levan, Steubenville, former national committeewoman from Ohio, who has been chosen to direct the campaign among women Republican voters this fall.

WORK STARTED ON POWER LINE

Work started today by the city service department on the laying of a power line from the waterworks pumping station to the new sewage disposal plant.

Material for the line was purchased from the Allen Electric Co. of Cleveland. The line will extend one and one-quarter miles, 51 poles being placed in the ground to transmit 2,300 volt electric power for a telephone, signal, and power line at the disposal plant.

No provision has been made yet by the city for the power. Purchase of a Diesel engine for the manufacture of its own electricity may be made or the city may buy its power. City Engineer F. S. Barckhoff stated today.

The signal line is to connect the waterworks to the disposal plant and enable workers at the latter plant to keep a strict watch on the water pressure at the pumping station. Laying of the line will be completed in three days.

COLUMBIANA CO. FAIR CONCLUDES 1928 SESSIONS

Lowering Clouds Keep
Many from Event On
Final Day

4-H CLUBS DRAW MUCH ATTENTION

Harness Racers Fail For
New Track Record;
Purse Stands

Lowering clouds held down the attendance the last day of the 79th annual fair of the Columbiana County Agricultural society. The attendance for Wednesday has been officially announced at 12,171 with gate receipts just \$98 short of the record for the same day last year. The attendance Thursday has been estimated at between 8,000 and 10,000.

Interest in the county fair this year appeared to be centered about 4-H club work. There was no cow calling contest on account of only one entrant being announced. It has already been proposed that both a cow and hog calling contest be included in the special events for 1929.

The list of premium winners will be announced soon by Secretary H. E. Marsden.

Record Stands
The \$50 special purse for breaking the track record during the 2:14 pace went unclaimed Thursday afternoon. The record of 2:11.4, hung up by Lee Grand in 1926 has not been exceeded.

All races Thursday afternoon were won in three straight heats, but in the 2:18 pace there was considerable trouble in scoring on account of the driving of Junewood, owned and driven by E. O. Cranner of Canton. In each of the three heats of this race the start was held up on account of the antics of the entry.

The card was not as large as the first day of the races. Several horses were withdrawn from each race before the first race was called. This was especially true in the 2:17 trot where four entrants were withdrawn.

After the last heat of the third race ended, Ora Lou a sorrel gelding owned by Harry Caton of Lisbon was auctioned before the judges' stand by J. Howard Sinclair and sold to Walter Humphrey of Lisbon.

In the pony race, Freda Rupert of New Waterford, riding "Beauty" took first money and Raymond Ritchey of Berlin Center, riding "Bud" took second money. Third money went to Stella Bacon of East Palestine riding "Tom." There were (Continued on Page 4)

OFFICERS GIVEN CHRISTMAS GIFT

Presents from 'Boo Boo'
On Record; Squad
May Testify

Philadelphia, Sept. 14.—Asserting the acceptance of Christmas presents by police officials from Max "Boo Boo" Hoff, alleged "King of the Bootleggers," was only the "external feature," Prosecuting Atty. John Monaghan promised further revelations today in his efforts to link the police force with the bootlegging operations here.

Sensation is looked for if members of Gen. Butler's squad of liquor raiders testify. During its existence the squad was frequently under fire and allegations were made that its members were amassing fortunes. For nearly four years it handled virtually the entire liquor situation. Mayor Harry A. Mackey bitterly assailed the unit in his campaign for mayor declaring one of his first acts would be to abolish the squad. He did a few days after assuming office.

Improvement Work Started On Gas Line

Sebring, O., Sept. 14.—Work on the gas line between Sebring and Alliance, which was started several weeks ago, is to be completed in a couple of months, and the new line will link this city with Salem, Alliance, Minerva, and all the towns served in the Sandy Valley district, south of Minerva, by the Natural Gas Company of West Virginia.

The entire system is expected to be completed by Christmas. The new lines are designed to give all the cities on the hook-up uninterrupted service, since they will be connected with the West Virginia gas fields on two separate lines.

Named Head

Springfield, O., Sept. 14.—Dr. J. D. Thomas of Cincinnati, who has been associated with the regional offices of the veterans' bureau there, has been appointed superintendent of the Clark County Tuberculosis sanitarium. It was announced today. Thomas succeeds Dr. Earl A. Martin who resigned recently to return to the medical corps of the U. S. army at Washington, D. C.

Charms The Judges

Thelma Peterson, 19, who was recently selected as Chicago's most charming girl in contest with 3,000 other girls for the title of "Miss Paradise," a theatrical engagement, an automobile and a diamond ring. Though the title was awarded on charm and personality considerations, "Miss Paradise," a brunette, is also known for her beauty, having won second prize in 1925 "Miss Chicago" contest.

Campaign In Solid South Increases In Its Intensity

Reaches Hot Point As Charges of 'Carpet Bagging'
By Republican Managers Are Openly Made;
Chieftains Enter Denial

BY LAWRENCE SULLIVAN
New York, Sept. 14.—Increasing daily in intensity and bitterness, the presidential campaign in the solid south today reached the hot point of open charges of "carpet-bagging" by the Democratic managers, and their immediate denial by members of the Republican eastern strategy board.

"The campaign in every southern state is entirely in the hands of the state organization," said Rep. John Q. Tilson, director of the eastern speakers' bureau, following a conference with Chairman Hubert Work of the Republican national committee.

"No speakers have been assigned in the south, save at the specific request of the Republican managers of the various states," Tilson declared. "Even when speakers are requested, the national organization offers a wide selection of names for the consideration of the local committees, and the subject of the speeches is in every case left for the approval of the local committee."

Chairman Work returned to Washington this morning after a crowded one-day visit to eastern headquarters here. He took back with him, according to Tilson, assurances from political intimates of former Gov. Frank O. Lowden of Illinois that Lowden would take the stump for Herbert Hoover in the middle west whenever called upon.

He also carried back to Hoover, definite word that former Secretary of State Charles E. Hughes, elected last week as a member of the world court of international justice, would make at least six campaign speeches, three in the east and three in the west.

Another speaker in the Hoover drive, according to Tilson, will be Dr. Nicholas Murray Butler, president of Columbia and chairman of the Carnegie endowment for international peace, who a month ago vigorously denounced Hoover's acceptance-speech utterances on prohibition and disarmament. H. Edmund Machol, New York Republican chairman, has had several "satisfactory" conversations with Dr. Butler this week, Tilson said.

ROWLAND NAMED OFFICIAL VICTOR

Cessna Monoplane Pilot
Conceded Honors In
National Derby

Los Angeles, Cal., Sept. 14.—Earl Rowland, Wichita, Kas., today was officially proclaimed the winner of the Class "A" New York-to-Los Angeles air derby. Flying a Cessna monoplane, Rowland covered the 3,900 miles in 24 hours and 31 seconds flying time, more than an hour ahead of his nearest competitor.

Robert Dake and Theodore Toney, Pittsburgh, Pa., were the winners of second place, in 25 hours, 18 minutes and 43 seconds. They flew an American moth.

Piloting a Travelair, W. H. Emery, Jr., of Bradford, Pa., was the winner of third prize, in 25 hours, 48 minutes and 28 seconds. Theodore Kenyon, Boston, Mass., won fourth prize with his Challenger. His time was 26 hours, 19 minutes and 47 seconds. James Charles, Richmond, Va., piloting an Eaglerock, was fifth, and Warner Smith, Ford, N. J., in a Swallow finished sixth.

CAMPAIGN PLAN DISCUSSED BY G. O. P. LEADERS

Hoover, Curtis and Work
Hold Conference In
Washington

NOMINEE RELIES ON STATE CHIEFS

George H. Moses Is Given
Post As Advisory
Head of East

BY WILLIAM K. HUTCHINSON
Washington, Sept. 14.—Herbert Hoover, the Republican nominee, today arranged to meet Senator Charles Curtis, his running mate, and Dr. Hubert Work, the Republican national chairman, for a conference on Republican campaign strategy.

The Republican "big three" planned to consider new campaign plans and there was a possibility that other prominent party leaders would be called into the conference. Curtis, just returned from a speaking tour of New England, was to give Hoover and Work his impressions on the situation "down east" and to suggest the steps necessary to win those normally Republican states in November.

Curtis Shrewd
The Republican vice presidential nominee long has been considered one of the shrewdest political leaders in Washington. His advice constantly has been sought in previous presidential campaigns and his views as to the requirements for winning New England undoubtedly will be followed.

One step already taken to speed up Republican organization work along the Atlantic seaboard was the promotion of Senator George H. Moses, of New Hampshire, to a new post, where he becomes advisory manager of the campaign in the east. Moses will pass upon all new political maneuvers in the east and his promotion was made by Hoover personally, it was said, in order to get a practical politician in charge of the eastern campaign.

Hoover will remain the court of last resort on all campaign matters. At the outset, he let it become known that he would run his own campaign but that he welcomed advice from all party leaders. Up to date, he has run his own campaign. In naming Moses as a sort of liaison officer for the east, Hoover obviously retained the right to pass approval on all new campaign activities.

Hoover's Theory
One of Hoover's pet theories has been to pass responsibility on to the (Continued on Page 4)

TURNER GIVEN PROBE FINANCE

State Control Board Gives
Authority To Use Sum
Without Debate

Columbus, Sept. 14.—Without debate and by a unanimous vote, the state control board today authorized Atty. Gen. Edward C. Turner to spend \$50,000, or any part of that amount, in connection with Turner's investigation at Cleveland of alleged irregularities at the primary election last month or of any other election in Cuyahoga county.

The request was submitted by Assistant Atty. Gen. L. Cravy Davis on behalf of the attorney general. The personnel of the board voting for the \$50,000 expenditure comprised: Finance Director Wilbur Baker, Democrat, chairman; Davis, representing Turner; E. W. Ellis, chief clerk in the state auditor's office, representing State Auditor Joseph Tracy; State Senator Harry Carpenter, Steubenville, and State Rep. R. D. Williamson, Xenia, all Republicans. Carpenter and Williamson are chairmen of the senate and house finance committees, respectively.

The attorney general was authorized by the board to spend such portion of the \$50,000 as may be needed "to pay such obligations and defray such expenses as the attorney general may deem proper in conducting a special grand jury investigation, or investigations, of alleged irregularities in connection with the August primary election in particular and of elections generally in Cuyahoga county, as directed by the governor of Ohio, Sept. 10, last."

Turner continued his probe at Cleveland today.

Kiwanian Team To Give Dinner-Dance

Winners of the marathon membership contest staged recently by the Kiwanis club, will be banqueted at a dinner-dance given at the Memorial building, Friday, Sept. 28. "Ladies' Night" will also be observed on this occasion. Plans for the entertainment were arranged at Thursday's meeting of the club at the Memorial building. W. W. Tolerton captained the winning team and A. H. Prethy and Perry McArthur the losers.

SAFE FROM TOP TO BOTTOM

A presidential election year, more than any other, perhaps, ought to convince Republicans of the nation that the best way for them to vote is to mark their ballots to elect the entire ticket.

The American form of government depends for its success in operation upon two strongly opposed political parties. This plan insures that the party in power must act for the best interest of the people, else at the next election it would be removed from control.

The only catch to this system is when the control of the government is divided in the executive and the legislative branches between the two parties. In such instances, bickering and disputes arise and continue while the public at large suffers. At such a time the accomplishments of an administration dwindle into insignificance.

American voters should realize that if they wish to secure a government which produces beneficial results they must give the control of government to a harmonious group which can work together. Good government depends entirely upon party responsibility.

To make this a sane and logical course to follow the Republican party from the head of its ticket, Herbert Hoover, down through the list of national, state and county officers, offers a list of candidates who have been chosen on merit and service as the best the party can offer. These men are the choice of a party which from its founding in 1854 has had no other principle than to administer to the needs of the American people.

To maintain this policy of public service for the next few years, the Republican party offers to the citizens of America, and Ohio, these candidates, selected by the free will of a majority of its members.

There is Herbert Hoover, renowned engineer, splendid business executive, and efficient cabinet officer, whose record in the administration of food to Europe and the relief of the Mississippi flood, stand as examples of his ability. He is the Republican presidential candidate.

There are Senator Simeon Fess and former Senator Theodore Burton, both recognized as two of the most able statesmen in the nation. Fess is spokesman of the Coolidge policies and Burton has a record of public service that is without superiority. They are Ohio's senatorial candidates.

There is Myers Y. Cooper, successful business man on a large scale, and an authority on the American home and church. Republicans place him forward for the governorship of Ohio.

There is John T. Brown, capable legislator in the Ohio assembly. Republicans back his candidacy for lieutenant-governor.

There are Clarence J. Brown, Joseph T. Tracy, and Bert B. Buckley, all now performing their duties well in the offices of secretary, auditor and treasurer of state, respectively. Republicans because of their service in the past again chose them to fill the offices they hold.

There is Gilbert Bettman, an outstanding lawyer with a brilliant war record. Republicans would have him attorney general of Ohio.

There are Judges Robert H. Day and Frank W. Geiger, the former now a member of the Ohio supreme court, and the latter long known in Springfield as a just judge. These two the Republican party presents for the supreme bench of Ohio.

These, then, are the candidates offered by the Republican party to the voters as worthy and qualified to hold the office they seek. If elected these men will be placed in positions which will make them responsible for their actions both to the electorate and to the Republican party.

The Telephone company now answers inquiries as to what is the correct time at five cents an answer. On the first day of the service in New York 10,240 calls were answered. The company is finding that time is money.—Boston Transcript.

What Others Say

OUR BEST CUSTOMER

Canada, our neighbor to the north displaces the United Kingdom as the largest buyer of the products of the United States. During the fiscal year ended June 30, Canada's imports from the United States were valued at \$862,000,000. Dr. Julius Klein, director of the United States bureau of foreign and domestic commerce, so reports officially.

Canada is thriving amazingly. Her commerce has doubled since 1914. Construction statistics show unprecedented development. More American tourists spent more money in Canada this season than ever before.

In 1900 the Canadian wheat acreage was 3,600,000. This year it is estimated at 39,000,000 acres—nearly 11 times as much. That is something for the farmers in the United States to think about. They may turn to other and more profitable products when butter sells at 56 cents a pound in Toledo, pork at \$17 per hundred on the hoof. Producing something other than wheat, our farmers will encounter less foreign competition and may make more money.

But referring again to Canadian commerce, it is significant that there are more than 1,000 branch plants of United States manufacturers in the Dominion and American investments there total \$3,000,000,000.

The United States contributes enormously to Canadian development. That helps Canada to become our best customer. We both benefit by reciprocal relations.—Toledo Blade.

Nourishment And Care Required By Heart

By Royal S. Copeland, M. D., United States Senator from New York, Former Commissioner of Health, New York City

For several days I have been preaching the importance of possessing a good heart. At the same time I have told you that most hearts are good if they are cared for as they should be.

What sort of care should this be?

In the first place the heart muscles must be well nourished. What the heart can do and will do, depends on the condition of the mass of muscles and they cannot act properly unless they are adequately fed, regularly exercised

and guarded against poisoning.

The food we eat is of no use unless it is prepared by the blood. The blood cannot do its work without a strong heart to send it through the body. It cannot do this unless, in turn, the heart itself is well fed and properly nourished. So, you see, you must eat the right kind of food and in the right quantities, or your heart will go on strike. As I have said before, you may regard your heart as a hired man, but he won't work if he isn't fed.

In this day, when the fad for getting thin is the most important thing in certain lives, there is something actual starvation of the heart muscles. It is a serious mistake to indulge any practice that may harm a vital organ. If for any reason there is underfeeding, the heart is sure to suffer.

The chief need in the repair and rebuilding of muscular tissue is protein food. Of this, good examples are lean meat, milk, cheese, the

cereals and eggs. There must be regular intake of such foods or the heart will grow weak.

You cannot expect to have a good heart unless your manner of living is such that all your muscles are kept in trim by proper exercise, fresh air abundance of rest and sleep and contentment of mind. The heart is a part of the body; it shares all the benefits, as well as all the disadvantages experienced by the body.

In short, all these things that make for general good health will make for good heart health. I have said on other occasions that it is like "taking care of the pennies and the dollars will take care of themselves." If you take care of the simple things of life, the larger and more important things will take care of themselves.

Malaria, chronic sores, a running ear, bad teeth and tonsils, gall bladder disease, chronic indigestion, constipation and some mineral poisons have a way of undermining the heart's welfare. The lack of iron in the food is another factor of importance.

It is much easier to avoid having trouble with the heart than it is to overcome it. But even though your heart has become weakened, you

must not feel the condition is hopeless. It isn't by any means.

If you think your heart is out of order, go talk with your doctor. Nine times out of ten, he may tell you to laugh at your fear, but it will do you a world of good to know there is nothing wrong.

Tomorrow: The Athletic Heart.

Answers to Health Queries

A S Q—What is the cause of sties and how can they be treated?

2—What is the cause of ringing in the ears? The ringing sounds as if crickets were singing or steam escaping.

A—You may need glasses, or the intestinal tract may be at fault. For full details send a self-addressed, stamped envelope and repeat your question.

2—Ringing in the ears is often due to nasal catarrh which has extended to the middle ear. This requires special attention and the use of a good nose and throat spray. For details send a self-addressed, stamped envelope and repeat your question.

C R Q—What will correct round shoulders and a hollow back in a young girl? Are there any exercises which would be of benefit?

2—What would you advise for

perspiring feet?

A—A properly fitted brace should be helpful. See an orthopedist for his advice.

2—For full particulars send a self-addressed, stamped envelope and repeat your question.

A R Q—What are the symptoms of chronic appendicitis?

A—The chief symptom is gastrointestinal disturbances.

Registration Begins At Wooster College

Wooster, Sept. 14.—Registration for the 59th annual school year at Wooster college begins on Saturday, Sept. 15, when Freshmen from Wooster and vicinity schedule their first semester classes. Freshman registration continues on Monday, and Sophomores and upper classmen will register on Tuesday and Wednesday. The official opening of school comes on Sept. 25, when classes meet for the first time this year. Enrollment in the college this year is expected to go slightly above the approximate 860 of last year with more of a balance in the number of men and women students.

The Stars Say

For Friday, Sept. 15,

By GENEVIEVE REMBLE.

As well as the lunar configurations for this day there are several novel and also complicated situations to deal with. There is augury for a sudden and abrupt situation, probably involving much motion and disturbance, with possible business conditions are threatened under the aforesaid but with stability and patience may be turned to good account.

Those whose birthday it is, prepare for a year of sudden and unforeseen developments in the affairs of business as well as business. Some alertness as to treachery may be all to good account. A child born this day may have many special talents making for success but may be prone to subtlety and eccentricities which may bring self-undoing.

Doubtless the pleasure is great, of being cheated as to the

Rumor Anti-Saloon League Has Republican Connection

Cleveland, O., Sept. 14.—Directing attention to reports that several relatives of Ohio Anti-Saloon League officials were employed at Republican state headquarters in Columbus, State Senator George H. Bender, of this city today made public copies of a letter sent by him to Chairman Harry D. Silver, chairman of the G. O. P. state campaign committee.

Declaring that such employment would be equivalent to "subsidizing the Anti-Saloon League and its official publication" in an indirect manner, Bender registered his opinion that the reports were incorrect. He asked Silver for an official denial for the purpose of disposing of the rumor.

Bender told Silver of the report that a daughter of Dr. E. J. Moore, superintendent of the league, and a son and son-in-law of Freeman L. Dustman, editor of the American Issue, official publication of the league, were employed at Republican state headquarters, "receiving more or less remunerative salaries for nominal duties."

"The implication in these reports is, of course, that the favor of Dr. Moore and Mr. Dustman is being bought in this astounding fashion, to insure a friendly attitude on the part of the league and its publication toward our candidates," Bender

wrote Silver. "I cannot believe that these reports are true. Or, if these persons are on the Republican payroll, I know it is without your knowledge, for certainly, as campaign manager, you are well aware how ill-advised it would be to allow

such a situation to prevail.

Columbus, Sept. 14.—Chairman Harry D. Silver, of the Republican state campaign committee, today stated that he did not employ any relatives of Supt. E. J. Moore, of the Ohio Anti-Saloon League, nor of Freeman L. Dustman, editor of The American Issue, official publication of the league, in G. O. P. state headquarters here. Silver said he had not received a letter from State Sen-

ator George H. Bender, Cleveland, requesting official denial of reports that such relatives were thus employed.

If these persons were working at the G. O. P. headquarters, Silver said, they were chosen by the heads of departments without Silver's knowledge. He pointed out that he had delegated authority to the heads of various departments to select their own respective working staffs.

Silver promised to check up

up on the situation and indicated that he probably would issue a public statement dealing with the matter.

BEATTY AWAITS OHIO SUMMONS

East Liverpool, Sept. 14.—James C. B. Beatty, pottery sales manager, whose expense account in his unsuccessful campaign for the Democratic gubernatorial nomination at the August primary election, has been under fire by Attorney General Edward C. Turner, announced today that he was ready to go to Columbus as soon as he received official summons.

"I have never yet received a subpoena to appear in court," said Beatty. "I will obey the court order as soon as it is served upon me."

Beatty today sent a telegram to Turner criticizing the state's investigation into his campaign expenses. Beatty reported having spent \$4,925.

LUTHERAN GATHERING

Delegates from the Lutheran churches at Beaver Falls, Pa., Leontonia and Washingtonville, came to Salem Thursday evening and were guests of Holy Trinity English Lutheran church at the Memorial building.

This gathering was dominated by a spirit of fellowship and was one of the most enjoyable affairs the local church has held. Howard Smith, superintendent of the Sunday school, presided.

There were 100 in attendance from Beaver Falls and a fine musical program and some readings were furnished by this delegation. Some of the selections were given by an orchestra, a men's choir, a junior choir and a women's quartet.

Brief talks were given by Rev. Sheffman of Beaver Falls; Dr. H. C. Brillhart and L. P. Mellinger, Leontonia, and Rev. G. D. Keister, Salem.

The women of the Salem church served refreshments.

PRESBYTERIAN SOCIETY

Two splendid papers were given at a meeting of the Woman's Missionary society of the Presbyterian church Thursday afternoon at the church. These were: "Outlook for the Year," Mrs. Thomas Spencer and "Younger Generation Talk," Mrs. Gertrude Stewart.

The musical numbers consisted of a piano solo by Mrs. Harold Babb and two vocal duets by Mrs. Wilbur Glass and Mrs. Ralph Snyder.

A letter was read from a missionary in India. Mrs. Ida Bedell and her committee are to serve the lunch at the Light Bearers meeting in October. Mrs. Spencer, the treasurer, reported that all apportionments had been met for the quarter.

One hundred and thirty-five people were served at the tea.

MRS. FINLEY ENTERTAINS

Mrs. R. T. Holzbach, Mrs. H. L. McCarthy and Mrs. Dwight McNab shared the honors in the bridge games when Mrs. R. B. Finley entertained her club associates Thursday evening at her home, Franklin ave. Three tables were in play. A lunch was served. Mrs. William Dauble of New York city, was an out of town guest. The next meeting will be in two weeks.

On Thursday afternoon Mrs. Finley was hostess to another club, at which bridge was the engaging diversion. Mrs. Clyde Reich and Mrs. Leon Colley were the prize winners in the games. The hostess served a lunch. In two weeks the members will meet again.

CATHOLIC DAUGHTERS

At a meeting of Salem court, Catholic Daughters of America, Thursday evening at the hall, Broadway, plans were made for the anniversary banquet on Sept. 27.

The committee arranging this affair is composed of Mrs. Ann Carpenter, Miss Helen Derfus, Miss Helen Redinger, Mrs. Albert Kaufman, Mrs. Joseph Lautzenhizer, Mrs. Dan Grafton, Mrs. John McNicol, Mrs. N. A. Buchmann, Mrs. George Endres.

YOUNG PEOPLES CLASS

About 60 members of the Young Peoples class of the Christian church and their friends enjoyed a wiener and corn roast Thursday evening at the home of Mr. and Mrs. L. B. Harris, Depot rd.

A short business meeting was held and the remainder of the time was spent informally.

NEEDLECRAFT CLUB

Associates of the Needlecraft club were guests of Mrs. Charles Fasig Thursday afternoon at her home, East High st. An informal social time occupied the hours while the members were interested in fingerwork. The hostess served a lunch. A meeting in two weeks will be with Mrs. Will Glass, Tenth st.

HELPING HAND CLASS

Contests and readings entertained at the social period at a meeting of the Helping Hand class of the Methodist church Thursday afternoon at the church.

Plans were made to have a White Elephant social at the meeting on Oct. 11.

GOODWILL CLUB

Needlework was the chief diversion while the members visited at a meeting of the Goodwill club Thursday afternoon at the home of Mrs. Ross Culbertson, East High and Rose sts. A lunch was a concluding pleasure. The members will meet again Oct. 11.

Mr. and Mrs. Roy Holloway and children, Mary Elizabeth and Harold, who have been visiting his parents, Mr. and Mrs. William Holloway, Perry st., and other relatives here, have returned to their home in Los Angeles.

Mr. and Mrs. J. H. Jessup, Ellsworth ave., have returned to their home after spending six weeks in North Carolina where they visited Mr. Jessup's relatives.

J. A. Rich and son, Gordon, returned Thursday evening from New Kensington, Pa., where they were called by the illness of Mr. Rich's sister.

Mrs. Carl H. Schaefer, of Albuquerque, N. M., is visiting her parents, Mr. and Mrs. E. H. Grove, Evans st.

OHIO CHURCH PAPER STANDS AGAINST SMITH

Prohibition Is Judged As Vital Issue In '28 Campaign

Columbus, Sept. 14.—With the declaration that "Governor Smith has clearly defined the issue," the Ohio Christian News, official organ of the Ohio council of churches, was on record today as opposing Alfred E. Smith and favoring Herbert Hoover in their respective campaigns for the presidency.

The position of the Ohio Christian News was outlined in an editorial in a current issue of the church organ which follows, in part:

Give Reasons
"With a choice of several possible paramount issues before him, the Democratic candidate has selected prohibition as the one on which to wage his fight for the presidency. He has made his position clear and has avoided any appearance of side-stepping the issue. To make the picture of refreshing frankness complete, his managers need only to abandon their cries of 'religious bigotry' and their protests against publication of the undeniable facts of his past wet record."

Commenting on the placing of John J. Raskob in charge of Governor Smith's campaign the editorial states:

Raskob Mentioned
"Besides defining the issue, Gov. Smith has demonstrated that he expects this issue to break down the normal alignment of the two parties. He has placed a wet Republican, Mr. Raskob, in charge of his campaign, and he gives every indication of welcoming other support from the Republican ranks. If he is consistent he must expect in like manner to lose the support of dry Democrats."

Pointing out that the Ohio Christian News has been "consistent throughout its career" in support of prohibition, the editorial concludes:

"Just as vigorously, therefore, as it has supported certain measures, such as the League of Nations, which bore the Democratic brand, it will this year urge its readers, for the sake of the maintenance of prohibition unimpaired, to vote for Hoover."

CAMPAIGN

(Continued From Page One)
state leaders while retaining supreme authority. He has sought to make state leaders active and has given them wide latitude in conducting the campaign within their borders. Another act along this line was the naming of state finance chairman by J. R. Nutt, of Cleveland, the Republican national treasurer.

These chairmen will have charge of raising campaign funds within their own states for the national ticket. The list includes:

Arkansas, Wallace Townsend, of Little Rock; Arizona, Dwight B. Heard, of Phoenix; California, Milton Eberg, of San Francisco; Colorado, W. L. Petrik, of Denver; Connecticut, J. Henry Roraback, of Hartford.

Delaware, Judge Daniel O. Hastings, of Wilmington; Idaho, Stanley A. Easton, of Kellogg; Illinois, Silas Strawn, of Chicago; Indiana, C. J. Richards, of Terre Haute; Iowa, Charles A. Rawson, of Des Moines; Kansas, Hugh T. Fisher, of Topeka; Massachusetts, Louis K. Liggett, of Boston.

Minnesota, Rudolph Lee, of Minneapolis; Missouri, Theodore Gary, of Kansas City; Michigan, Frank W. Blair, of Detroit; Maryland, Albert G. Towers, of Baltimore; Nebraska, Walter W. Head, of Omaha; Nevada, George Wingfield, of Reno; New Hampshire, John G. Wiant, of Concord; New Jersey, John R. Todd, of Jersey City; New York, Charles Hayden, of New York City; North Dakota, William Stern, of Fargo; Ohio, Alexander Brown, of Cleveland; Oklahoma, W. G. Skelly, of Tulsa; Oregon, E. B. McNaughton, of Portland; Pennsylvania, W. L. Mellon, of Pittsburgh; Rhode Island, Senator J. H. Metcalf, of Providence; South Dakota, William E. Milligan, of Aberdeen; Texas, R. B. Creager, of Brownsville; Utah, L. S. Gates, of Salt Lake City; Vermont, Redfield Proctor, of Proctor; Washington, C. T. Hubbard, of Spokane; and West Virginia, Walter S. Hallahan, of Charleston.

Four vice chairmen were named: Jeremiah Milbank, and Lewis Strauss, of New York City; J. W. Pezry, of Kansas City; J. Walter Drake, of Detroit. They will act as aides to Nutt in checking up contributions and expenditures.

Lovers Miss Train
Paris, Sept. 14.—The electrification of suburban lines around Paris has brought sorrow to many young couples who use them daily. The little old-fashioned trains which have been abandoned contained discreet corners where lovers could isolate themselves and whisper fond words.

The new ones have long, light trains, an corridor with no compartments.

Woman Burned

Marion O., Sept. 14.—Mrs. Jake Garverick, 72, of West Point, Morrow county village east of here, is in a critical condition today as a result of burns received about her face and body when her apron caught fire from an oil stove late yesterday.

Students Tested

Lexington, Ky., Sept. 14.—Psychological tests are being taken here today by 900 freshmen who registered at the University of Kentucky here yesterday. This is the largest first year class to register in the history of the institution.

READ THE WANT COLUMN

Crude Oil Prices Show An Increase

Pittsburgh, Pa., Sept. 14.—Fifteen cent increases in the price of six different grades of crude oil and a five cent increase in another were announced today by Joseph Seep agency, purchasers of Standard Oil here. The new prices and grades are:

Penna. (N. Y. Transit lines) \$3.35.

Bradford (National Transit lines) \$3.35.

Penna. (National Transit lines) \$3.25.

Penna. (S. W. Pa. Pipe lines) \$3.25.

Penna. (Eureka Pipe lines) \$3.15.

Penna. (Buckeye Pipe lines) \$3.00.

Somerset grade \$1.75.

Somerset Grade increased five cents per barrel while the others increased fifteen cents. All other prices remained unchanged.

Girl 'Hitch-iker' Shoots Man, Claim

Akron, Sept. 14.—Robert McCormick, 31, lay in a serious condition in a hospital here today with a bullet wound in his abdomen which he says was inflicted by a girl "hitch-iker" early this morning.

According to the story told police McCormick was riding with A. J. Ritchie, local manager of Edison & Co., when a young woman signaled them, asking for a ride, just east of the city limits. After picking her up they had gone a short distance when he heard a shot, Ritchie said. He then demanded that the girl leave the car and brought McCormick to the hospital here, he told police.

Tax Instalment Due

Columbus, Sept. 14.—Taxpayers of Ohio were notified today by the federal revenue offices here that Saturday, September 15 is the last date for the third installment of the 1927 income tax.

GUN BATTLE

(Continued From Page 1)

sign of recognition, according to the former's account, Zaworski walked quietly away to an outside telephone booth. He says he thinks the gunman followed, but for some reason did not molest him, and then returned to the restaurant and continued with his meal. Zaworski did not return.

Today, after his connection with the capture had been made public, Zaworski told police that he feared the underworld would seek him out and exact the usual penalty of the "squealer."

Cleveland, Sept. 14.—Paul Jawarski, 27, the two-gun desperado who yesterday killed one policeman, wounded another, and probably fatally wounded a bystander, before he was finally cornered, wounded and captured, was reported recovering at St. Alexis hospital here today.

Meanwhile, police were searching the city's underworld haunts for John Vashbinder, Jawarski's pal, who escaped during the battle. The two shot their way out of the Allegheny jail in Pittsburgh, Aug. 18, 1927. Vashbinder, also a killer, is under sentence to the electric chair in Pennsylvania, according to reports received here.

Rewards totalling \$10,000 have been offered for their capture since their daring jail break of more than a year ago, but the two have continued to elude authorities, while staging holdup after holdup in cities in various parts of the country.

Battle Prolonged
The capture of Jawarski yesterday was marked by the bloodiest and most prolonged gun battle the city has known in years. A Pittsburgh man was seated at the counter of a little East Side restaurant when the two notorious gunmen entered. Recognizing them from newspaper pictures, the Pittsburgher rose, told the waitress he would return later, left the restaurant and telephoned police.

Three minutes later, a patrol car drew up with five policemen. Vashbinder dashed out the back door, but Jawarski drew his gun, stepped to the door and began shooting. Patrolman Anthony Wieszorek, the first to alight from the automobile, fell dead with four of the killer's bullets in his body.

Policemen Drown
Patrolmen George P. Effinger dropped with a bullet wound in his chest. Though still in a serious condition, it was believed he would recover. Dozens of fellow policemen have offered their blood in the event Effinger's condition requires a transfusion operation.

By the time Effinger had fallen the three remaining officers were returning Jawarski's fire. A crowd was gathering and Benjamin Majstrek, a bystander, was hit by a bullet from the stream which Jawarski was sending from the restaurant. Though still alive this morning, he was reported sinking rapidly.

With their pistols barking, the three policemen advanced on the entrance to the restaurant. Jawarski turned and ran through the rear door. Two bullets found him, but did not hamper his flight.

A lengthy chase followed. The fugitive, occasionally turning to shoot back at his pursuers, fled through alleys and across lots. Someone saw him run into a house. The police followed. Jawarski jumped from a second story window, 25 feet to the ground. The police left the house, unaware that Jawarski had re-entered through a side door.

A woman ran out, screaming that a man had hidden under a bed. Rewards were arriving by this time and a cordon of 50 policemen was thrown around the dwelling. The criminal locked himself in one room and defied his pursuers.

"Come and get me," he shouted.

Use Tear Gas

Police broke several windows and threw tear gas bombs into the home. A few minutes later, Jawarski, gasping and wiping his eyes, appeared at the front door. Patrolman Yaro Koudela leveled his sawed-off shotgun, pressed the trigger, and the

desperado fell. He had thrown away one pistol during his flight, but still had a second and a quantity of ammunition.

Though hit by two pistol bullets and four shotgun slugs, his pulse and respiration were reported normal this morning.

In April, 1927, Jawarski was convicted of first-degree murder for the killing of Ross Dennis, guard at the Pittsburgh Terminal Coal company, who was shot when the Jawarski gang staged an \$80,000 holdup near Mollenaur, Pa. He was also to be sentenced for the confessed killing of Isaiah Gump in another robbery.

Boasts
He boasted that he would never be executed and though no one was killed when he and Vashbinder escaped from the Allegheny prison, Jawarski is said to have run through the corridors of the jail, brandishing a pistol and shouting, "where is the warden?"

Detective Peddington, of Allegheny county, and Police Lieutenant Gray, of McKeesport, Pa., arrived here last night. Cleveland authorities said unless they were assured that the killer would be summarily dealt with in Pennsylvania, they would not turn him over to Pennsylvania police.

Questioned by detectives when he regained consciousness last night, Jawarski said he and Vashbinder had planned a series of robberies here and that they had a half-dozen guns and a quantity of ammunition in their room. He spoke vaguely of a woman who accompanied them here, but insisted that his wife lives in Detroit. Detectives have been unable to find the place where he and Vashbinder lived here.

COUNTY FAIR

(Continued From Page One)

seven stables in this race, and from a standing start Miss Rupert took the pole and held it all the half-mile distance in 1:06.

Straight heat winners were the rule in each of three main events. There was not a spill during the races of either day. Not a single complaint was made to the judges by either drivers or owners.

The result of the races follows:

Race, No. 1—2:18 Pace—Purse \$400
Three Heat Plan. Every Heat a Race
Tom Berry, bg, J. H. Aumick, Cleveland, 4 3 4

INVESTIGATION OF RACE TRACK BETTING MADE

Famous Baseball Players Named In Connection With Probe

Chicago, Sept. 14.—A double headed investigation was started today as a result of a telephone bill sent to Jockey C. E. Allen, veteran rider at the Chicago race tracks for \$559.07, by the Illinois Telephone company for local and long distance calls during June and July from a fashionable Chicago apartment hotel.

The telephone company sent the bill to Jockey Allen stating that some long distance calls were to John McGraw of the New York Giants and Rogers Hornsby, manager of the Boston National league club.

The matter is interesting both Judge Kenesaw Mountain Landis, chief commissioner of baseball, and Stuyvesant Peabody, president of the Illinois Turf association.

The baseball commissioner wants to know if McGraw and Hornsby have been betting on the races, because the heads of both National and American leagues in a conference last winter wrote a section into baseball law prohibiting players and managers from betting on the races.

Boston, Sept. 14.—"It sounds like the old bunk to me," said Rogers Hornsby, manager of the Boston Braves, when told today that his name was mentioned in connection with a race-tipping probe in Chicago.

Hornsby said he never knew or heard of a Jockey C. Allen, mentioned in reports from Chicago. Hornsby said he never had any dealings with Jockey Allen or any other jockey.

John McGraw, manager of the New York Giants, also mentioned in the Chicago report, issued a denial.

Bandits Rob Bank

Des Moines, Sept. 14.—Three bandits today held up the University bank here and escaped with \$15,000, a hasty police check up revealed.

Markets

MOTORS LEAD

New York, Sept. 14.—Motors and Coppers led stocks highest today. General Motors up 1 1/2 at 81 1/2; Chrysler up 1/2 at 24 1/2; Chrysler up 1/2 at 107 1/2; Inspiration Copper was up at 24 1/2; and Cero de Pasco up 1/2 at 91 1/2; Montgomery-Ward advanced 1/2 to 88 1/2; American Can rose 1/2 to 107 at 209 1/2. The oil and rail were steady.

Sweeping advances in the motor stocks, the specialties, the oils and a few of the high grade rails at the beginning of trading today reflected Wall street's attitude toward the easier tone in the money market, which persisted in the face of a new \$90,000,000 increase in the total of brokers' loans.

General Motors pushed ahead to above 209 for a new 3-point lead, and sold only fractionally below its record price of 210. The stock was turned over in huge volume, as also were half a dozen or more of the popular motor shares, under the lead of Chrysler, which again topped all of its previous price records. Reo Motors joined the active list in a break run-up to around 34, and Studebaker was actively brought above 32 1/2.

A new buying movement in the oil stocks swept Marland, Mid-Continent, Texas Corporation and the Standard Oils ahead. Bulls in the oil market today from important conferences in Europe, would announce new plans for world-wide oil conservation. Barnsdall's 3 1/2 point advance to above 36 was also a feature of the oil.

There were few reactionary traces in the first hour, buying demand crowded the market and the tape ran 17 minutes behind the market. A few of the mercantile stocks and equities sold higher, but the market encountered profit-taking in the second hour and developed an irregular tone.

The call loan rate was unchanged at 7 per cent, but funds were available in the outside market at 6 1/2 per cent. The commodity markets were steady, with cotton up about 70 cents a bale.

CHICAGO LIVESTOCK

Chicago, Sept. 14.—Hogs—Receipts 10,000; market strong; top, \$13.50; heavy, \$12.50; medium, \$12.25; light, \$12.25; pigs, \$11.75; packers' stock, \$11.25; pigs, \$10.50; 250; holdovers 7.00. Sunday School to Hold Rally Meet

Working, Sept. 14.—An attractive program is being arranged for the day services which will be held at the First Presbyterian church today. The attendance goal has been set at 250. Plans are also being made to stimulate interest in the Sunday school and boost its attendance. Special music is being planned and a program for the children not for the church services but the community arranged.

POLICE HOLDING PAIR IN DEATH

Search Instituted for Two More in Zanesville Murder Case

Zanesville, O., Sept. 14.—With Thelma, 29, and Charles White, 65, held in jail here in connection with the slaying of Harold Smith, 35, whose body was found in Norval park a suburb late yesterday, police and county authorities today were searching for two men believed to have been implicated in the slaying. Chief of Police Joseph Petet declared that, in his opinion, Smith had been murdered in White's home near here and his body then taken to the wooded ravine in the suburb. Smith was recently employed as a guard at the Webb mine, near Shadyside, Belmont county.

Shot in Head

A post mortem examination of the body revealed two bullet holes in the head.

According to Joseph Coburn, a farmer and neighbor of White, a party was held at the latter's home last Saturday and continued during Sunday morning. Sunday morning, police said Coburn told them, he heard two shots from the direction of the White home. Shortly after noon Sunday, two unidentified men, strangers to Coburn, rushed breathlessly to his door and asked Coburn to drive them to Zanesville. He replied that he was busy at the moment but would drive them in later. His curiosity aroused by their urgency that he hurry his task and drive them here, Coburn asked them why they were in such haste.

Want To Leave

"You'll find out soon enough, we've got to leave this place and leave it quick," one of the men answered.

Coburn finally assented and started with the men for Zanesville, the two strangers in the back seat of his car. Coburn states that during the ride the men conversed in whispers but he overheard one of them say: "Well, we've bumped off Smithy."

Coburn furnished authorities with a description of the two men and stated he believed them to be from New York. In the basement kitchen of the White home were evident hasty efforts to remove blood-stains on the floor, according to Chief Petet, who further declared that salt had been sprinkled on the kitchen floor in an attempt to dry up the stains.

Obituary

MRS. W. A. LEATHERBERRY

Mrs. W. A. Leatherberry, 73, died at 4 a. m. Friday at her home, East High st. Death was caused by a complication of diseases. Mrs. Sarah E. Leatherberry, daughter of John and Christina Schwartz, was born Feb. 22, 1855 near Kensington. She had lived in Salem for 47 years and was an active member of the W. C. T. U. and the Christian church.

She is survived by her husband; one son, Ralph of Bristolville, O.; one daughter, Mrs. A. G. King of Detroit; two brothers, R. H. Thomas of Waynesburg, O. and John Thomas of Hubbard; one sister, Mrs. Minnie Gamble of Minerva; 16 grandchildren; and two great grandchildren. Private funeral service will be held at 2:30 p. m. Monday at the home, 233 East High st., in charge of Rev. C. F. Evans; interment in Hope cemetery.

HELEN M. NEWHOUSE

Miss Helen M. Newhouse, 28, who lived southeast of the city near the Franklin rd. died at 7:30 p. m. Thursday at the Central Clinic hospital. She had been ill a short time.

Miss Newhouse was the daughter of Mrs. Elizabeth Newhouse, and had spent her life in that community. She was a member of the Methodist church and Perry grange. She is survived by her mother, and one brother, Lester, at home. The funeral will be held at 2:30 p. m. Sunday, at the home in charge of Dr. E. S. Collier, Salem; interment in the Franklin Square cemetery.

ENOS SEACREST

Enos Seacrest, 85, a native of Middletown township, died at his home at Rogers at 10 p. m. Thursday of pneumonia.

Mr. Seacrest, a Civil war veteran, served three years during the war a member of company H, 115 T. H. O. V. I. The funeral will be held at 2 p. m. Sunday in charge of Rev. B. H. Shaddock of the Rogers M. E. church, of which he was a member. Burial at the Columbiana cemetery.

Mrs. Andrew Kuyper

Mrs. Andrew Kuyper, 46, Lisbon, died at 8 p. m. Thursday at the Youngstown city hospital following a long illness caused by heart trouble and goitre.

Mrs. Kuyper, daughter of Mr. and Mrs. Aberkrom was born in Holland where she lived for 28 years. In 1911 she was united in marriage with Andrew Kuyper at Lisbon. Surviving are her husband and six children, Nancy 13, Alberta 13, Mary 11, Herman 10, Jannette 8 and Alida 5.

Funeral service will be held at 2 p. m. Sunday at the church at Wooddale cemetery where interment will be made.

Miners Return

Athens, Sept. 14.—Nearly 2,000 miners have returned to work on the \$5 a day scale, according to reports to the state from non-union coal mines in the Hocking Valley region.

OHIO IS 12TH IN ICE CREAM CONSUMPTION

Columbus, O., Sept. 14.—Ohio ranks as the 12th state in the Union in the per capita consumption of ice cream and 29th in the per capita consumption of candy, according to a statement given out in this city today, based on the latest figures obtainable. The district of Columbia, it is pointed out, leads in the per capita consumption of ice cream, while the residents of Nevada are the biggest candy eaters. Ohio consumes seven per cent of the total volume of ice cream produced in the country and consumes 5 per cent of the candy manufactured. It is estimated that the residents of Ohio use in a year an average of 3 1/2 gallons of ice cream when weighs 15.7 pounds and 9 1/2 pounds of candy.

Shotgun Bandits In Stockyard Robbery

Chicago, Sept. 14.—Five men, two armed with revolvers and three with sawed off shotguns held up the retail butcher store of Wilson & Co., in the heart of the Union Stockyards here today and escaped with \$5,000 in cash and negotiable checks. The bandits with shotguns lined up ten employees against the wall while their companions forced Miss Ina Anders, cashier, to turn the money over to them. The men escaped in an automobile.

Auto Accident Fatal

Columbus, Sept. 14.—Another name was added to the year's traffic fatality toll today through the death of Mrs. Sarah Lewis, of Warren, Mich., who died at St. Clair hospital here yesterday of injuries received Tuesday when she was struck by an automobile on the Scioto trail, three miles south of Columbus.

NOTICE

Rev. Elizabeth Schauss, Toledo, Ohio, president of the Ohio State Spiritualist association and Rev. Estelle Fieberg of Massillon, trustee of the O. S. S. A. in charge of the district, will be in Salem Friday evening, the 14th, to present the charter to the Spiritualists Church of Truth. Meetings are held at the Veterans of Foreign War Hall. Everybody cordially invited to be present.

The Advent of the New Model 6

Remington-Noiseless

with four-row Standard Keyboard

is the greatest event in typewriter progress since the invention of the writing machine. It supplies noiseless typewriting, for which the demand is great and growing, together with the Standard Keyboard and every other operating feature desired by the typewriter user. A surpassingly light, easy touch, swift action, beautiful work, and excellent manifold qualities are among its outstanding merits.

Noiseless typewriting has long been inevitable and now the inevitable typewriter is here.

JOINT MEETING OF FARM BODIES

Butler and Perry Bureaus
Will Meet Wednesday:
Other Farm Notes

Butler Township Farm Bureau and Perry Township Farm Bureau will hold a combined meeting at Willow Grove Grange hall at 8 p. m. Wednesday, September 19. The program will be:

A talk on "The Recent Michigan and Pennsylvania Potato Tour," by County Agent Floyd Lower.

Address: "Are We Ready for Consolidated Schools," by County Superintendent of Schools H. C. Leonard.

Address: "The Storage and Care of Fruits and Vegetables," by W. H. Mathews.

Potato marketing will form the topic for discussion at a meeting to be held Thursday night, Sept. 20, at the city hall Lisbon, according to plans being made by County Agent Floyd Lower and Service Manager Stanley Howard.

Silas Vance, of the Ohio Farm Bureau federation and Mr. Hauck, of the marketing department of Ohio State university, will be the speakers of the evening. Grading and preparation of potatoes for marketing will be one of the topics emphasized in the discussion.

R. H. Vaughn and son, in co-operation with the Ohio Poultry Improvement association and the poultry extension department of Ohio State university, have planned a poultry field day to be held Friday, September 28, at the Grandview Egg farm, one-half mile east of Columbus.

An interesting program is being arranged with state speakers and demonstrators present.

C. L. Blackman, dairy specialist of Ohio State university, will spend Tuesday, Sept. 18, with County Agent Floyd Lower visiting dairymen in the county. Mr. Blackman is well known in the county, having spoken at various meetings in the county and having acted as judge at the county fair for two or three years.

Officers of the farmers' institutes to be held in the county this year will meet at Lisbon on Tuesday, Sept. 25, to discuss plans for the institutes and to arrange dates and speakers for those held independently.

Human Ear Draws Attention of Men In California 'Lab'

Berkeley, Cal., Sept. 14.—Physiologists of the University of California are now turning their scientific telescopes on the inner mechanics of the human ear.

This marks another step toward a complete understanding of the functions of the canals and stones of the inner ear, which an important part in maintaining equilibrium of the body and figure prominently in the ability of people to become aviators, according to Prof. S. S. Maxwell, national research expert, who is conducting the study.

Although most of the experimental work on the inner ear has been done with lower animals, it is believed that the same findings apply in a general way to man also. The inner ear, it was explained by Prof. Maxwell, is known to be the seat of equilibrium, and present experiments will determine what part of the ear is responsible for the various reflex actions stimulated by movement of the body out of its normal position.

Sebring Club Meets

Sebring, Sept. 14.—Members of the Sebring Women's club will be entertained by Mrs. S. E. McKee, Michigan ave., and 15th st., at her home Monday evening. Mrs. Maurice Coffman, who is chairman of the program committee of the club, has arranged an interesting program for the evening.

FLIERS FAIL IN LONG DISTANCE AIRPLANE RACE

Contestants All Forced To
Land Before Goal
Is Reached

Los Angeles, Sept. 14.—The non-stop section of the national air races was today without a winner, the officials having declared it "no contest."

This decision was given out after it was learned that no one of the nine fliers who took off from New York late Wednesday was able to make Los Angeles without a stop. Art Goebel, winner of the Hawaiian Dole race and a favorite in the national non-stop derby, landed his Lockheed-Vega monoplane at Miners field here at 3:20 yesterday afternoon and at first it was believed he had won the race.

Just as the crowd was losing its plaudits for the "home town" boy, Goebel himself nipped the budding celebration by calmly announcing that he had been forced down at Prescott, Ariz. Thus, practically within hailing distance of his goal, Goebel became disqualified. He was the only one of the nine starters to reach the finish line. George Haldeman of Detroit, came nearest of the other eight, managing to get his Bellanca plane as far as Albuquerque, N. M., according to reports reaching here. He was forced down by a storm and shortage of fuel.

Of the seven other planes that happened from New York Wednesday, one has been demolished in a crash, severely injuring two occupants, and the six others had been forced down by various causes.

Jerusalem—There shall be no peace in the world, Mr. Kellogg and M. Briand to the contrary notwithstanding, unless Ibn Saud, sultan of Nejd and king of the Hedjaz, so wills. Advice from Mecca are that because he was not invited to Paris he won't sign that treaty unless he takes part in a consulative conference. He leads the warlike tribes of the Arabian desert.

What would we do
without ICE!

We may live without poetry, music and art;
We may live without conscience, and live without heart;
We may live without friends, though that wouldn't be nice;
But civilized man cannot live without ICE.

There is more truth than poetry in this new version of the famous rhyme. Ice is one of the greatest blessings of modern life.

Its cost is trifling—its service priceless!

CITIZEN'S ICE COMPANY

NEW HIGHWAY WILL OPEN ON SEPTEMBER 18

Route to Reduce Distance
Between Salem and
Cleveland

Toronto, Ohio, Sept. 14.—(Special)—Where in October, 1927, Col. George Washington nearly wended his way along a narrow winding road on his return trip from Minnesota to Ft. Pitt, there will be a new road next Tuesday, 160 years after thousands of citizens of the state district.

On this occasion Harry J. Kirk, director of Highways for Ohio, will lead the "Narrow" section, of the same trail, now known as the "Narrow" road, Route 7, officially named as Mrs. Florence Spaulding, the only woman county commissioner will sever the ribbon.

An Old Route

Designated as a state highway by legislative act in 1826, this will be the first occasion of its being opened to modern travel, the result of a century of effort which ended in 1923 when Gov. Vic Donahey and H. F. Schlesinger, then Ohio highway engineer, agreed in conference with Forrest Richmond, president of the Ohio Good Roads Association, that this link should be opened.

Work has continued since that time, the Ohio highway department undertaking the greater portion of the grading and widening with its own equipment.

While the road is not completed on a permanent basis, there is now a 22-foot traffic bound slag roadway over which cars are traveling

at regular highway speed to the number of up to 3,000 a day.

Interest Wide

State-wide interest in this highway comes from the fact that it reduces the distance between Salem and Cleveland sections of the state to Toronto, Steubenville and Wheeling many miles. It also reduces the distance from East Liverpool and Wellsville to Columbus.

At noon there will be a luncheon for members of the Ohio Good Roads Federation, speakers and guests. Later the formal opening program will follow a motor parade, headed by the Toronto High school band.

After the road opening visitors are invited to go through the Penn-Ohio Electric company's new \$30,000,000 power and the Follansbee Bros. steel plants at Toronto.

Kiwanis Takes Part

At 6 o'clock the Kiwanis club of Toronto will be hosts to six clubs of Jefferson and Columbiana counties. Speakers announced as expected by General Chairman Forrest Richmond include: Hon. Vic Donahey, governor; Harry J. Kirk, director of highways; Robert Beightler, assistant highway director; Hon. Theodore Burton, U. S. senator; Hon. Frank Murphy, congressman; Hon. H. F. Carpenter, state senator; W. A. McCune, state representative; W. A. Alsdorf, executive secretary Ohio Good Roads Federation. Mayor E. R. Giesey is honorary chairman of the committee, and has invited the mayors of Ohio valley cities to be his guests on that day.

Last Link

Connecting to communities of 75,000 people for the first time, and the National highway at Wheeling, with the Lincoln highway at East Liverpool, this section of road is one of the most important in eastern Ohio.

It also forms the last link of the Ohio river road between Pittsburgh and Wheeling and Bellaire to be opened and includes some of the

most historic and beautiful territory for eastern Ohio and western Pennsylvania motorists. Thousands of visitors are expected to be present.

Treasurers Select Put-In-Bay for '29

Dayton, Sept. 14.—Put-In-Bay has been selected by the State As-

sociation of County Treasurers for its 1929 convention. It was announced here today.

The convention will be closed tonight by the annual banquet at which Senator Fess will be the speaker.

Officers elected for next year are: Ray Swearingen, Steubenville, president; W. E. Sparks, Dayton, first

vice president; Robert W. Snyder, Springfield, second vice president; Elizabeth Haymaker, Ravenna, third vice president; Samuel J. Wester, Toledo, secretary; and Lynn I. Fuller, Painesville, treasurer.

More
d.p.m.
means faster,
better housecleaning

BECAUSE The Hoover has proved—in over a hundred comparative tests—its ability to remove more d.p.m. (dirt per minute) than any other cleaner, it offers you housecleaning aid that is unmatched.

Because it removes more dirt per minute from rugs and carpets, it saves your time, saves your efforts and saves your rugs. It does this because its exclusive cleaning principle, "Positive Agitation," gets dirt that ordinary cleaning methods fail to reach—the heavy, cutting grit which sinks deep into the rug fabric and clings persistently. "Positive Agitation" dislodges this deeply-embedded dirt and vibrates it to the surface to be suctioned away.

With the removal of this most destructive dirt of all, your rugs are not only more beautiful in their complete cleanliness but they last longer. Why not have the help of The Hoover, not only to make your rugs look young and lovely at housecleaning time, but to keep them so all the time. The Hoover is easy to own; only \$6.25 down and a few monthly payments make it yours. Liberal allowance for your old cleaner. Two models to choose from—the de luxe Model 700 and the new popular-priced Hoover. Let us give you a demonstration in your home. Telephone.

ABOUT TOWN

W. B. A. Committee Meeting
Mrs. Nora Burson attended a meeting of the central committee of the Women's Benefit association held Thursday afternoon at the home of Mrs. Harriet Coffey in Alliance.

The rally which was to have been held Sept. 18 has been postponed until a later date but a joint meeting will be held at 7:30 p. m. Tuesday at the Moose hall in Alliance. Members from all the reviews in the district are requested to attend. District Deputy Mrs. Catherine Schindler of Cleveland will be present and have charge of the meeting.

High Game Starts at 3
The football game at Reilly stadium will start at 3 p. m. tomorrow instead of 2:30. W. J. Springer, principal announced today. Salem High school will open its football season with the Alumni. The change was made to accommodate several people and members of the Alumni who are unable to be at the game at 2:30. All people are requested to assemble in the concrete bleachers to watch the game.

City Hospital Notes
Mrs. Julia Koshubara, of Canfield, has entered the Salem City hospital for surgical treatment. Margaret Ogden of Lisbon, had her tonsils removed at the hospital. Delmont Callahan, a patient at the hospital, has been discharged.

Search Is Ended

Moscow, Sept. 14.—The Soviet Noble relief committee today ordered the ice breaker Krassin to abandon the search for the Alexandri and Amundsen groups upon October 1. This decision was taken in view of the fact that both Italy and Norway have ceased the hunt for the 12 missing men.

OHIO BALLOTS OUT NEXT WEEK

Four Issues on Unofficial Tickets Ready For Distribution

Columbus, O., Sept. 14.—Copy for four state ballots, to be placed in the hands of Ohio voters at the November election, has been sent to the printer, George M. Neffner, statistician in Secretary of State Clarence J. Brown's office, announced today.

One ballot contains the names of presidential and vice presidential candidates and candidates for presidential electors representing six political parties—Democrat, Republican, Prohibition, Socialist-Labor, Socialist and Communist Workers party.

Another ballot contains the state tickets of these six parties. Then there is the non-partisan judicial ballot, including candidates for state supreme court, appellate court, common pleas court, and probate court. The fourth ballot is a referendum ballot proposing an amendment to the Ohio constitution which would permit judges to receive increases in salary while holding office.

These ballots, which will be designed as unofficial, will be ready for distribution to the various county election boards the latter part of next week, it was stated. The boards will follow the form of the unofficial ballots in printing the official ballots to be used in their respective counties at the election. Copies of the unofficial ballots will be distributed to the general public prior to the election.

1928 Gridiron Season To Open At Reilly Stadium Saturday

Alumni Eleven Will Be Initial Test For Red and Black Crew

What is expected to be one of the feature grid attractions of the high school season here, will be played at Reilly stadium Saturday, when the Red and Black crew will meet the Alumni eleven as opponents.

Announcement of the game was made today by Wilbur J. Springer, principal and Paul E. Stratton, newly appointed faculty manager of athletics.

Members of the Alumni team will hold a practice session at Centennial park tonight, with Les Older, Don Mathews, Bob Campbell, Pete Harsh, Chic Herbert, Bill Liebschner, Mal Rush, Joe Schmidt and other players of the famous Red and Black undefeated machine of '26, included in the prospective lineup.

Players eligible for the ex-high outfit are limited to graduates of the last two years, giving the High's adversaries two county championship teams to pick from for tomorrow's game, which will be the first played in the new stadium.

Lester Older will captain the Alumni. Older also led the 1926 team and it is expected that most of tomorrow's lineup will include members of that team.

Other Players

In addition to players named, Gus Jacobson, Albert Debnar, Leonard Perkins, graduates of the class of '27, and Arnold Seeds, Lee Christen, Martin Debnar of last year's team, will appear against their old colors. Hopes that Lowell "Little Rib" Allen, star halfback would also play for the Alumni were blasted in Rib's remark for school Thursday.

Coach Floyd W. Stone has been working his squads of candidates hard since the opening of the season, and due to the advantage the high players will have in training and organization, the Alumni are expected to be under-dogs in the struggle.

The experience of the old timers will be their main advantage. They will also be severely handicapped by the lack of reserve strength. Less than 15 players are available. At least two of these, Rush and Harsh, who are attending football camp at Bethany, W. Va., college, will not be present at tonight's signal drill. At game time will be the first time the starting lineup will have been together in two years.

Lineup

The Alumni will probably start the following: Campbell and Rush, ends; Schmidt and Capt. Older, tackle; Liebschner and Jacobson, guard; Mathews, center; Seeds, quarterback; Fred Schuller and Herbert, halfback. In reserve will be the senior brothers, guards; Perkins, and Christen, tackle.

Some stated after last night's school scrimmage that he would not know until starting time what his lineup would be. Changes have been made continually in the "A" squad during scrimmages this week and he is doubtful, as to his starting team.

Joe Kelley, George "Pie" Baillie and George "Butch" Vollmer, each former Salem High football stars will officiate. Eight minute quarters will be played.

Proceeds of the game will be donated to the High School Athletic association, 10 per cent of which is to be then given to the board of education as a maintenance fund for the new field.

Western Team to Invade Chicago Gridiron In 1929

Chicago, Sept. 14. — Mid-western football fans will get a glimpse in 1929 of those battling huskies from the University of Washington, Seattle, where "the men and trees grow big and tall."

Announcement has been made that the Washington eleven, for one of the most powerful in the far west, will meet the University of Chicago on the gridiron here December 23 of next year.

Beginning of the Washington game is the Chicago eleven a brilliant schedule for 1929, as previously the Maroon games were renewed. In 1928 in 1929 the Maroons will meet Indiana, Purdue, Illinois and Wisconsin of the Big Ten conference and two other games, probably with another eastern and a southern eleven, will be booked.

The game with the huskies next fall will mark the first contest of the Maroons against a far western team since 1894, when Coach A. Stagg, who is still at the helm of Chicago, took his eleven across the country to defeat Stanford in California.

Washington is one of the high-achievers in western football. Some years ago under the coaching of the famed Gil Dobie the Huskies met through almost a dozen seasons without losing a game. After Dobie's departure the Washington team enjoyed a number of winning seasons, although the high standard of teams maintained by Dobie is not to be developed by his successors.

Fight Results

At New York—Young Corbett, California welterweight, won decision over Sergeant Sammy Baker, Mitchell Field, N. Y. (12).

At Al Brown, New York negro, outpointed Kid Francis, Italian banweight (12).

Marty Goldman, Brooklyn light-heavyweight, outpointed Johnny Dotter, Cleveland (4).

At Boston—Al Mello, New England welterweight champion, stopped Billy Murphy, of Lowell, Mass. (5).

At Chicago—Les Marriner, University of Illinois heavyweight, knocked out Jack McAuliffe of DePaul (6).

At San Francisco, Norwegian midweight, scored a technical knockout over Red Uhlan of California.

At Los Angeles—Johnny LaSalle of San Francisco won the decision over Johnny DePaul of Toledo, (6).

CAPTAIN Lester "Les" Older, former star football, basketball, and track man of Salem High school will captain the star Alumni football team which will open the Salem High grid season at Reilly stadium tomorrow.

Older captained the famous Red and Black team of 1926 when Salem High had the first undefeated season in its history. He is in charge of getting the ex-high team organized for tomorrow's game.

Football Squad Of Cornhuskers Start On 17th

Lincoln, Neb. Sept. 14.—The Nebraska Cornhusker football squad will swing into action a trifle later than usual this fall due to a ruling of the newly organized Big Six conference which requires that practice did not open until the third Monday before the first Saturday in October.

That means that the official football call will be sounded in Big Six camps for Monday, Sept. 17, where the grid started in the old Missouri Valley conference on the fifteenth of September.

Under the plan of rotating the officers, the honor of being the first chairman of the faculty representative is bestowed on Dean S. W. Beyer of Iowa State college, while Director T. N. Metcalf of Iowa State college is the first chairman of the athletic directors.

A football officials interpretation meeting which will be attended by all conference coaches and officials will be held in Kansas City, Saturday, September 15. Athletic directors of the six institutions also will gather in Kansas City at that time to discuss winter schedules and other problems pertaining to the year's activity.

Search For Pair

Los Angeles, Cal., Sept. 14.—Police today reported that a search had started for Albert La Huis, wealthy retired banker, and his wife, of Zealand, Mich. They are reported to have been missing since Aug. 18. Nothing has been heard from the couple since they left here for Seattle.

Grid Candidates to Meet In Memorial Building Tonight

A good turnout of candidates for the Althouse Studebakers semipro football team is expected at tonight's meeting at the Memorial building. Only 12 attended the first meeting, held Tuesday night, but twice that number have tentatively promised to attend tonight.

E. H. Althouse, backer of the team will be at the meeting and tell members of the team of his plans for the construction of the new athletic field west of the city.

Final arrangements will be made for the election of a coach to replace Joe M. Kelley, manager, who this year wishes to limit his position with the team to the management end.

Pennant Chase Is Drawing Tighter

BY LES CONKLIN

New York, Sept. 14.—With the Giants and Cubs crowding the league leading Cardinals like a couple of bill collectors, the hectic National League race today reminds old-timers of the great 1908 race when three teams roared down the finish line half a game apart. The Cards lead the Giants by only a game and a half today, with the Cubs another half a game in the rear. The standing:

Club	W.	L.	Pct.
St. Louis	83	55	.601
New York	81	56	.591
Chicago	82	58	.586

The Cubs pulled a Macbeth on the Cards yesterday. They invited the Red Birds to their castle and then exterminated them with a barrage of pineapples in the form of 14 assorted base hits. Knocking Mitchell and Cuylen out of the box, English, Cuyler and Hartnett each collected three bingles. Meanwhile Sheriff Blake held the enemy to four singles and breezed home to a 6-1 win. A goodly crowd of 45,000 pennant-mad Chicagoans was on hand.

Whether or not they win the flag, the inspired Giants must be rated as one of McGraw's most courageous teams. Winning three successive double bills is quite a feat, even with the Braves as the opposition. And the New Yorkers are primed to take another double-header from Boston today.

Continuing their ferocious hitting, the Giants won the first game yesterday by a 12 to 2 score behind Benton's good pitching. They came from behind twice to grab the nightcap, 7 to 6. The Braves almost tied the score in the ninth, but Hubbell came in and fanned Brown on three pitched balls with two runners on base.

Jumbo Jim Elliott of Brooklyn beat the Phillies for the second time in the series, duplicating Lefty Clark's feat. Score, 10 to 0. Del Bissone's walloped his 23rd homer. The Dodgers are now back at the 500 mark.

Heinie Manush clouted four hits, including a homer, as the Brown beat the White Sox 6 to 4.

MT. UNION GRID GRIND STARTS NEXT MONDAY

Alliance, Sept. 14.—Beginning Monday, Sept. 17, the opening day of college, the Mount Union college grid squad for 1928 will begin a long grind from which there will be no let up until the final gun in the Thanksgiving day game with Wittenberg. Each Saturday will find the Purple scheduled for a game equally as hard as the preceding Saturdays.

Mount will open against Allegheny at Meadville, Pa., on Sept. 29. It is toward this game that Coach John M. Thorpe will point his team in the next two weeks of practice.

The Allegheny game will offer Coach Thorpe an opportunity to get a line on the new men with whom he must fill up the holes made by the June graduation. It is likely that four line positions will be filled with men playing their first collegiate football. Though Thorpe's backfield was able to tear off counting gains last year, it did so behind a veteran line, lacking this fall.

Grid Candidates to Meet In Memorial Building Tonight

ALL-STARS AND MULLINS PLAY BENEFIT GAME

The Mullins Manufacturing Corp. will be without the services of their star second sacker tonight, when they stack up against the City All Stars in a benefit game at Centennial park. Lowell "Rib" Allen, who played that position for the city champs all season will be missing from the lineup, having left for school at the University of Michigan.

Manager Mike Schuller has made no announcement of who will cover the sack for his team, but it is probable that his entire lineup will be revamped to balance the team and make up for Allen's absence.

The game will start promptly at 5:30. Harry Vincent or Tom Hagan will pitch for the All Stars with Frank Scullion back of the bat, with the Mullins battery being Amtsberg or Watkins, and Schuller catching.

EIGHT VETERANS BACK AT OHIO U

Athens, Sept. 14.—An athletic coach's chief troubles, ineptitude and graduation, are giving Don Peden, Ohio university head football mentor, plenty to worry about as the Bobcats' coming gridiron season, which opens here Sept. 29, with Rio Grande college. Some spirited sessions are in store for his 35 prospective squad members in pre-season practice which opened this week.

Two strong wingmen, Jarvie and Shafer, who were bulwarks on the line last year, have graduated. The job of filling the gaps left by their graduation has been made doubly difficult, for Peden, because Don Bell, a squad member for the past two years, and an almost certain prospect for end this year, sustained a leg injury this summer, which, it is feared, will prevent his playing. The graduation of Shattuck, tackle, also leaves another hole to be filled. As a result of these losses, a shift in the entire Bobcat line may be necessary, Peden indicated today.

Tough Going Expected As Field Simmers Down For National Amateur Tourney

BY DAVIS J. WALSH

West Newton, Mass., Sept. 14.—One Englishman, with the aspect of a school master and the fighting punch of a stevedore; on Harvard sophomore, slightly more tenacious than the average hangnail; one reformer private secretary whose golf was too good to waste upon the keys of a typewriter, and the inevitable survivor, this man Jones they are always talking about.

These gentlemen were all that was left of an original field of 143 when the semi-final round of the national amateur golf championship opened this morning with two matches scheduled for 36 holes each.

In the first of these Tom Perkins, champion of Great Britain and fast coming into general recognition, as a worthy one, was to face George Volgt, the ex-aid to wealth and social distinction. In the other, Jones will play Phillips Finlay, youthful and, therefore, dangerous. Sometimes, there is nothing quite so exalted as the confidence of a youth who is tasting the elixir of his first important victory. However, it is doubtful whether even a hard sophomore would consider himself justified in feeling hardly the slightest bit over-confident in going in there with Jones.

Besides the common impression today was that Jones at last had found the key to Brae Burn's mysteries. There was no alternate impression to be gained as a matter of fact, after his record of three under par for the 23 holes needed yesterday to win that gripping struggle by 14 and 13 from John Beck, the unfortunate Englishman.

Jones was so typically Jones that he would have been 9 up on Finlay at 23 holes, matching Jones' card with that turned in by Finlay against Johnston. And on the same basis of comparison, he would have been 4 up on Perkins and 7 up on Volgt.

Mistakes will happen of course, and I certainly won't wish to break my record by making one now, but still I feel impelled to state that every sign points an index finger toward another victory for the amateur, thus giving him four amateur titles of the last five contested. It also would round out a six-year dynasty, during which Jones never has known what it is to be without at least one major championship.

His record over this interval follows:

1923—nation open champion.
1924—national amateur champion.
1925—national amateur champion and tie for open title, but beaten on play-off.
1926—British open final for amateur title.
1927—British open champion and national amateur champion.
1928—tied for national open title, but beaten on play-off.

No doubt he won't thank me for counting some chickens that still are in the incubator. And, in truth, there is no forecasting the performance of a young opponent who might get the idea that he is a man of destiny or something. Those kind never are easy to beat, as Johnston discovered on the late holes yesterday and as Outimet discovered in the first round.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

"A SODA THAT IS A SODA" SERVED AT OUR SANITARY FOUNTAIN

HOME-MAKING HELPS

By Wanda Barton

Vacations are much to be desired, especially by those who work hard and unfortunately have but the usual two weeks of freedom, perhaps three if they take it at their own expense. To people who can go when and how they wish, it does not mean as much. For the week-enders there is variety in trying various places, but the strenuous effort of going and coming does not give much rest. And sunburned faces and shoulders on Monday mornings, during the season, indicate over exposure to the sun in the effort to acquire quickly the becoming coat of tan without regards to its after effects.

The after effects on delicate skins that go unprotected, even without creaming the face will be for suddenly facing the rays, is a sallowness and toughening of the skin around the eyes, nose and mouth, where tiny lines form. Also an increasing growth of downy hair which nature puts forth as a protection against a repetition of the harm done. A coat of tan brought about by a painful burning is hardly worth the price.

Now for another vacation after-math. There is among most people a restlessness and dissatisfaction with home and business surroundings upon return from a vacation and it is often hard to understand. The truth is being in harness steadily for months, we have not realized the many things we would like to have different and when we are brought face to face with them, after time to think, they strike us in all their cleverness of detail. We are full of new vigor to attack the problems and while the spell is upon us is the time to do so. But most of us after being irritable and unhappy for a few days slip back into the old groove and soon lose the power to battle with the condition.

Another bad thing in making calculations for a vacation is to come home "broke!" Most every one does

It. We don't begin to save in time for the outing and have not enough for the "extras." Frequently we spend more on the preparation for the trip than we need, supplying things we never use.

Another cause of disturbance is often the water, so it is wise to drink distilled water until you gradually grow used to the local drinking water. Also eat the simplest food for a day or two until acclimated.

TROPICAL GALE DAMAGES TOWN

Fear Felt for Ships At Sea; Relief Agencies Working

San Juan, Porto Rico, Sept. 14—All relief agencies in this city today were co-operating in a concerted effort to bring the city back to normal and check up on the damage wrought by the worst tropical storm in its history.

For four hours a terrific wind which at times reached a velocity of almost 150 miles an hour tore asunder everything in its path. The wind came from the southeast and swept northwest towards Cuba and the Florida coast.

Damage estimates ranged from \$1,000,000 up. Police today bent all their efforts to ascertaining if there were any casualties. Shipping in the harbor was believed to have suffered heavily.

Grave fears were held today for several ships believed to be in the path of the cyclonic storm. The steamer, San Lorenzo left San Juan a few hours before the storm started bound northward for New York. Capt. Franz Romer, who crossed the

NET PICTURE READS HOPES OF REVOLUTION

States Are Falsely Portrayed in Soviet Movie Films

Sept. 14.—Another Soviet picture spreading misconceptions about the United States is being shown at the popular theaters out of the popular effectiveness of the picture is by the fact that its re-arranged simultaneously with the American Communists in the "stronghold of capitalism."

Cherokee, Iowa—Restoring horse power has been Ed J. Elfrink's job for 53 years. In that time he has fastened 562,000 shoes to 138,240 horses. His blacksmith shop still averages 10 horses a day.

Peasants Anxious

Is the revolution coming?" Russian ask of American correspondents almost daily. In the provinces where nothing of America is manufactured, tractors and automobiles, propaganda has taken effect on the edge of the peasant's fortunes under Socialism.

New movie "Albion" is in illiterate peasants. This is commonly despised profes-

ser of agronomy who develops a hardy variety of wheat to withstand the droughts of the Russia steppes.

Soviets Speed Help

The raising of "Albidom" elevates the Soviet union to the position of the greatest wheat raising nation in the world. When famine threatens the United States and thousands of people are shown pleading for bread before empty bakery shops, the board of trade brokers call upon the Soviets for help.

Soviet ships rush to London with "Albidom" for America, which made the "fatal" mistake of having wonderful farm machinery but no agricultural experiment stations.

Cherokee, Iowa—Restoring horse power has been Ed J. Elfrink's job for 53 years. In that time he has fastened 562,000 shoes to 138,240 horses. His blacksmith shop still averages 10 horses a day.

Many Fish Die When Sea Drops a Mile

Allahabad, Sept. 14. — Several thousand fish and other sea animals lost their lives when the sea receded for a distance of more than a mile near Alleppey, Travancore.

The recession is believed to have been caused by volcanic eruptions. Hundreds of fishing boats were left high and dry.

A similar case of receding sea was reported half a century ago at Travancore, also due to volcanic disturbances.

AROUND TOWN

W. H. Kniseley & Son Inc., automobile dealers, are to be congratulated upon being the first to secure the agency for an airplane in this vicinity. Yes, Pa and Son Kniseley, you sure believe in keeping pace with the times. I can remember when you started your bicycle business, then went to the motorcycle, then to the automobile, and now you take on an airplane agency. That's sure keeping your firm modern to the last minute.

POOR HUBBY!

Mrs. Junewed: "And has this kitchen cabinet all the latest accessories in it?"

Jack Sarbin: "It certainly has! Why there is even a compartment in it for indigestive tablets."

WELCOME TO SALEM!

We are pleased to welcome our new News editor, Homer Bow, of Canton, O. All we ask of Mr. Bow, is that you do not take your competitive paper, "Town Gossip", too seriously. We know you will like Salem for your home. We Salem folks think it's the best town on the map. We know you will feel the same way about Salem after you are here a short time.

WHO'S WHO AT FULTS

We are pleased to introduce Mr. Farmer. In referring to Mr. Farmer, we refer to all of our good farmers in this vicinity of Salem, the men who sell us our fresh eggs, fruits, vegetables, pork, chickens, etc. Yes, these men also buy an enormous amount of our groceries and meats. They are fast learning that you can not only buy the best quality groceries and meats at our store, but that our prices are very low. Mr. Farmer, you are welcome to stop, shop, sell or loaf here at our store any time. Make this store your headquarters.

HOMEWORTH

Announcement has been made of the marriage of Miss Nellie Stroup, daughter of Mr. and Mrs. W. W. Stroup of Homeworth and Maynard Hummel, son of Mr. and Mrs. A. A. Hummel, of North Canton, which took place Saturday evening, Rev. Robert George Ramsey of the Central Presbyterian church of Erie, Pa., officiating. Immediately after the ceremony the happy young couple left for Niagara Falls and other points in Canada, and upon their return they will make their home in North Canton. Mrs. Hummel has been a teacher in North Canton for a number of years. Mr. Hummel is in the grocery business.

Mrs. Albert Heffner of Alliance was the guest of Homeworth relatives Tuesday.

Olan Heestand, son of Mr. and Mrs. H. R. Heestand is attending the Spencerian Business College in Cleveland.

Mr. and Mrs. Samuel Stoffer and Mr. and Mrs. Homer Stoffer and son, Ray, have returned home from Wabash and Auburn, Ind., where they had been visiting relatives.

Mrs. V. L. Thomas of Alliance called on her parents, Mr. and Mrs. Marion Stump, Wednesday.

AVIATION TAKES STRONG GRIP ON ENGLISH PEOPLE

Women Learning to Fly; Feminine Flying Clubs Are Formed

London, Sept. 14.—Encouraged by the recent exploits of Miss Amelia Earhart and other famous aviators, 200 women, it is estimated, are now learning to fly in England. Hundreds of others are stated to be waiting to follow their lead as planes can be found for them.

Special encouragement to women to take lessons is now being given by the 13 government-subsidized private flying clubs in Britain, with the result that a boom is being experienced. To those women who cannot afford the instruction fees, the Air Ministry is offering six \$250 scholarships, and there is eager competition for the prizes.

Clamoring to Fly

"Women are clamoring to learn to fly," declared the secretary of the Stag-lane airfield, on the outskirts of London. "Two of our women members are at least middle-aged, and even these will eventually make fair pilots. We receive ten letters from women for every one from men."

In 21-year-old Mrs. Ronald, the Henderson Flying school claims to have the youngest woman pilot in the country. This school recently taught Mrs. Courtney the wife of the famous British test pilot who recently made an unsuccessful attempt to fly the Atlantic.

Among society women air en-

thusiasts are Lady Health, the former Mrs. Elliott-Lynn who has made several record distance flights, Lady Loughborough, the Hon. Mrs. Richard Norton, the Hon. Mrs. Victor Bruce, Mrs. Willis and Mrs. Mond, all members of the Mayfair Flying club and the "Women's Flying Reserve."

Not All Wealthy

A strange feature of the new craze is that the women are not all of the wealthy and leisured class. Most of them followers of professions, such as accountancy and the law.

Two film actresses, a fashionable London beauty doctor, and a woman chauffeur are among the 35 women members of the London Aerodrome club.

The Hampshire Aeroplane club

has the record number of women members of any flying club in England. They total 50, and there are 339 male members.

BELOIT

Mrs. Jessie Patterson of Lisbon spent the week-end with her nieces, Mrs. Wm. Hicks and Mrs. P. L. Ware.

Miss Boneita Barber who has been ill at the Alliance City hospital is improved and at the home of her father, O. H. Barber.

Wm. Farley is in Harrison, Mich. The faculty of the Beloit school went to Silver park, Alliance, Wednesday evening for a picnic. Supt. and Mrs. R. L. Druhot of Damascus were invited guests.

Edgar Davis of the Graham and Crist Monumental works of Alliance transacted business here Thursday.

Mrs. Wm. Dixon will entertain the Plus Ultra Sunday school class Friday evening.

Mr. and Mrs. Harley Eshler and son, Dick and Mrs. Walter Reed and little Mary were in Youngstown Wednesday afternoon.

Miss Mary Thompson will leave Monday for Cleveland where she will resume her studies at the Cleveland Bible school.
